A Black Fox Running - WikiFur, the furry encyclopedia

We've all seen a red fox and maybe even the white Arctic one, but only a few of the lucky have spotted a black fox in the wilderness. The vixen, commonly known as a silver fox, is a melanistic form of the brown animal. And if you're wondering what 'melanistic' means, it is basically the opposite of albinism when dark-colored pigment melanin is developed in the skin, thus making fur of these ...
