Better known for free eBooks in the category of information technology research, case studies, eBooks, Magazines and white papers, there is a lot more that you can explore on this site.

**Analysis Studio Sap Bw**  
Having moved to SAP Design Studio from Xcelsius, I really missed Excel and the ability to do front end data manipulations, in SAP Design Studio. But not for long ! That was only until I found out how easy it was, to use Analysis for Office Workspaces for that. Reports created using SAP BusinessObjects Analysis, are called Analysis Workspaces.

by Subathira Jagadeesan | May 29, 2020 | Cockpit, SAP BW/4HANA. SAP BW/4HANA cockpit is a Web-based interface used for administration of a BW/4HANA system. In BW/4HANA cockpit under the Modeling tab, you will find a tile named 'Analysis Authorizations Editor'. By clicking on that we can restrict transaction data that is accessed by a large group. Analysis Authorization helps us to create authorization variable for characteristics to restrict accessing the values for those characteristics.
