Comparative Government And Politics Rod

In my experience, Comparative Government and Politics is by far the best stand-alone text in this area. It is thorough and unlike the many other texts in the field, it focuses, in very interesting and engaging sections, primarily upon the dynamics of a broad range of comparative political phenomena as they apply to real-world politics.

(PDF) Comparative Government and Politics An Introduction ...

A legitimate system of government is one based on authority: that is, those subject to its rule recognize its right to make decisions. State is a political community formed by a territorial population subject to one government. Difference state and government: The state creates a mandate for rule which the government then puts into effect.
