In the Wild West, where the law was often non-existent, vigilantes often took "enforcement of the law," as well as moral codes into their own hands. The term vigilante stems from its Spanish equivalent, meaning private security agents. Vigilantes were most common in mining communities but were also known to exist in cow towns and in farming settlements.

The history of vigilante justice and the Montana Vigilantes began in 1863 in what was at the time a remote part of eastern Idaho Territory. Vigilante activities continued, although somewhat sporadically, through the Montana Territorial period until the territory became the state of Montana on November 8, 1889. Vigilantism arose because territorial law enforcement and the courts had very little ...
